

The attached pages make up our boarding agreement. We ask a tremendous amount of information about your pet. We understand new puppy parents may not be able to complete all portions of this form, but please complete as much as possible. Our services are "tailored to meet your pet's needs." The more we know, the better we can do just that.

We do have a few requirements before your pet can stay at our resort:

- Current Rabies and Distemper Vaccination
- Current Bordetella (kennel cough) Vaccination – this is not normally included as part of a vaccination visit. Client should check with their vet to see if their dog has had this vaccination.
- Must bring us a copy of shot record in the form of a receipt or health record from their vet.
- Sick or Ill pets should stay with their veterinarian.
- *Pets MUST BE FREE of Fleas, Ticks and other Parasites.*
- Human Aggressive Dogs Are NOT ACCEPTED into our boarding facility.
- Bring pet's food and treats (helps pet stay consistent)
- Owner may bring pet's toys and bedding, however they may not be returned if they are damaged while staying with us. Your pet's bedding will most likely be washed while staying with us. To ensure a clean and neutralized environment, we must wash anything that becomes soiled or wet.
- Allow 15 minutes for check-in
- Hours: Tuesday-Saturday 9:30-5:30 by appointment. Sunday 1:30-5:30, Monday 11:30-4:00, by appointment
- Closed to the public on Major Holidays.

If someone other than the owner will be picking up your pet, please complete our non-owner form. We will be happy to provide this document or if you would like, it is available on our website on the boarding page. Please note that non-owners must bring their driver's license or other government issued, picture identification in order for us to release your pet.

If you would like your pet to receive a bath or any other salon services while staying as a guest, please let us know when making the reservation. Because our salon operates by appointment and usually books appointments up to a week in advance, the sooner we know, the more likely we will be able to accommodate your request. Although we try very hard, some days the salon just can't take on any more clients. Generally this only becomes a problem when a pet is staying one night, and the owner asks at check-in.

Our salon provides bathing services for guests at a discounted rate. Going home baths include trimming the nails and cleaning the ears at no additional cost.

More information is also available on our website:

www.bowsandbandanas.com

We look forward to having your pet as a guest while you're away!
